Blenheim, Marlborough Region, New Zealand

Summary

Dedicated and technically skilled Experienced Cellar Hand with a background in Rural Administration. Experienced across multiple vintages in Australia, specializing in high-volume cellar operations, fermentation management, and machinery operation. Proven ability to optimize workflow efficiency and adhere to strict safety and hygiene protocols. Highly adaptable team player committed to delivering high-quality production outcomes during high-pressure harvest seasons.

Winery Experience

Vintage 2026 - Feb 2026 – May 2026

Blenheim, Marlborough Region, New Zealand

Receival & Press Operator - MATUA (Treasury Wine Estates)

- Managed grape receival operations, coordinating truck intake and weighbridge processes during peak harvest.
- Operated press equipment, directing juice flow to flotation while executing precise chemical additions (enzymes, SO2) for clarification.
- Monitored press cycles and yield efficiency, adjusting parameters to maintain juice quality standards.

January 2025 - May 2025

Griffith, NSW, Australia

Cellar Hand - Dee Vine Estate Winery

- Executed key cellar tasks including pump overs, rackings, and tank transfers, adhering to strict winemaking protocols.
- Managed red and white fermentation caps, ensuring temperature control and correct yeast additions.
- Maintained high standards of hygiene through rigorous CIP (Clean-in-place) procedures for tanks and lines.

January 2024 - May 2024

Griffith, NSW, Australia

RDV Operator & Warehouse Support - Dee Vine Estate Winery

- Managed warehouse logistics and export orders when required, ensuring accurate labeling and dispatch documentation.
- Operated forklifts for barrel movements and dry goods inventory to support production flow.
- Operated Rotary Drum Vacuum (RDV) filters during peak intake, monitoring cake thickness and vacuum levels to maximize juice recovery from lees.

Others Relevant Experiences

October 2023 - January 2024 & Octobre 2024 - January 2025

Thevenard, SA, Australia

Grain Hand Level 1 / Tripper Operator - Viterra

- Operated the Tripper system for precise grain distribution across silos, optimizing storage capacity during harvest.
- Conducted industrial cleaning and dust suppression tasks to maintain site safety standards.
- Collaborated with the team to streamline intake flow, reducing truck turnaround times.

Skills

- **Winery Operations:** Pump Overs, Rackings, Transfers, Additions, CIP/Sanitation.
- **Machinery Experience:** Tractor Operation, Telehandler Operation, Pumps (Mono/Centrifugal), Crushers, RDV Units.
- **Languages:** Spanish (Native), English (Fluent), Italian (Intermediate).
