

María Belén Corzo

&

Marco Piermatei

Cover Letter:

Hello Team,

We are Belu and Marco, a hardworking couple team currently based in New Zealand. We are writing to introduce ourselves as the reliable "all-rounder" duo you are looking for.

We love the hospitality industry because it aligns with our passion for traveling and connecting with people. We enjoy the fast-paced environment of holiday parks and hotels, and we find satisfaction in transforming spaces for new guests to enjoy.

Working as a couple allows us to be incredibly efficient—we divide and conquer tasks to achieve faster turnovers without compromising quality. We complement each other perfectly:

Belu (Tourism Graduate): Brings a strong professional background in tourism, including over two years of experience at Club Med and time in luxury hotels in Berlin. She combines high-level service standards with a "5-star eye for detail," ensuring presentation and hygiene are always flawless.

Marco (Rural Administration Technician): Brings efficiency and strength. He handles the heavy lifting, industrial cleaning, and maintenance, while his admin background helps keep track of inventory and supplies.

We are also versatile beyond housekeeping. We both have experience as Bartenders and Baristas (in Italy, Australia, and New Zealand), so we are comfortable jumping behind the bar or covering a café shift during a rush. We speak fluent English, Spanish, and Italian, allowing us to communicate easily with international guests and diverse staff.

We hold European documentation and are ready to start immediately. We look forward to bringing our positive energy and strong work ethic to your team.

Best regards,

Belu & Marco.
